Bridal Previews

- *Bridal previews are a great chance for you to try out a few different hair and makeup looks if you're not 100% sure what look you would like to go for on your wedding day*
- *As most of my brides don't live in Italy, it can be tricky to find time to schedule a preview - most will opt for one a day or two before their wedding and for those that are lucky enough to travel to Italy before their wedding, we can aim to fit one in around your menu tastings and venue tours!*
- *Previews can be conducted from my studio in Siena or I can travel to you (travel fees may apply)*
- *You may schedule your preview with me once you have booked and confirmed your wedding date with me*

Travel Fees

Travel is complementary for venues within 30min drive from central Siena (Tuscany), which is where I am based. After the first 30min I charge €15 for every 15min (calculated with the fastest GPS route. Traffic time does not count. Round trip). For example, if your venue is in Florence, which is 1hr drive from me, one way the travel fee will be €60 (first 30min complimentary, last 30min €30, first 30min of the return journey complimentary, last 30min of the return journey €30)

If I'm road trippin' more than 3hrs one way out to your venue, I like to stay somewhere close by (and affordable!) to make sure I arrive to you on your wedding morning bright-eyed and bushy-tailed! This accommodation fee will be added into your travel fee so reach out for a bespoke quote if this sounds like you!

I LOVE to travel! I moved to Europe for a reason! So if your wedding is a bit more than a hop, skip and a jump from Tuscany, I'm down for that too! Let me know when and where and I can give a quote for travel fees that may also include flights, trains, boats, spaceships... I'll get to you by any means necessary!
